Newport City Council Meeting Participation Guidelines

Newport City Council meetings are for the purpose of allowing Council members to conduct City business. Distinct from public hearings or town meetings, City Council meetings are held in public, but are not meetings of the public. City Council meetings are the only time the City Council members have to discuss, deliberate and decide upon City matters. In an effort to conduct orderly and efficient meetings, the Mayor kindly requests your cooperation and compliance with the following guidelines per the policy adopted on December 21, 2015 and ratified on January 23, 2017, and adopted again on April 1, 2019:

1. Please be respectful of each other, Council members, city staff, and the public.
2. Please raise your hand to be recognized by the Mayor. Once recognized, please state your name and address or affiliation.
3. Please address only the Mayor and not members of the public, staff, or presenters.
4. Please abide by any time limits. Time limits will be used to insure everyone is heard and that there is sufficient time for the Council to complete their agenda within a reasonable timeframe.
5. The Mayor will make a reasonable effort to allow everyone to speak once before speakers address the Council a second time per the limits adopted on January 23, 2017.
6. Once public comment has been heard, discussion will be limited to the City Council members.
7. Please do not interrupt or mock other speakers or otherwise exhibit disruptive behavior during the City Council meeting.
8. Please do not repeat the points made by others, except to indicate agreement or disagreement with other views.
9. Please use the hallway for side conversation. It is difficult to hear speaker remarks when side conversations are occurring in the Council Chamber.
10. Presentations to the Council are not open to public comment. However, per the policy adopted on December 21, 2015, matters on the agenda requiring a vote are open to public comment immediately prior to the Council vote.
11. Individuals who do not abide by these procedures will be asked to leave the Council Chamber.

RE: Funding Opportunity – VT Bike and Pedestrian Program

DATE: June 13, 2019

We have an opportunity to apply for a grant application to the 2019 VT Bike and Pedestrian Program. Grant applications are due on Friday, June 28, 2019. This program is supported by federal funding and requires a 20% cash match. The project can be completed over a multi-year period.

Public Works Director Thomas Bernier has developed a cost estimate relative to improvements that would benefit pedestrians, bicyclists and motorists in the City of Newport. A major portion of this project was analyzed as part of the 2017 Newport Intersection Study completed by Stantec Engineering.

This project encompasses more than just the Gardner Park Road and Waterfront Plaza entrances. The Plaza entrance would be shifted north to align with the park entrance. New traffic light controls, poles and lighting will be designed and installed. A VEC power pole would need to be relocated as well as a fire hydrant.

The existing underground conduit and power lines along the entire causeway from the Plaza entrance to the intersection of East Main /Union Street will be upgraded. The poles and electrical lines are due for replacement.

The I-91 and East Main Street intersections have newer control systems, but the aging aluminum poles and suspended lines need replacement. Street scape lighting will be added to new mast arms for all three of these intersections which would alleviate 6 or 7 single street light poles. There would still need to be 4-5 single aluminum poles for street lighting. Upgrading all three intersections will allow the traffic signals to be linked together which would keep the flow of traffic moving more efficiently.

The Causeway sidewalk and granite curbing from Hoagies Pizza entrance to East Main Street needs to be upgraded. The curbing needs some replacement and realigning. The sidewalk has large sections that are deteriorating and need replacement.

Union Street/ East Main Street retaining wall was added in to investigate R.O.W. and whether a new wall could be installed closer to the house which would allow for a third lane. This would give a left turn lane to go up East Main Street while still allowing straight through traffic to continue and not back up. This would help immensely especially when NCU High School is getting out. Pedestrian signalization will be installed at this intersection, which does not exist presently.

A total project cost of \$735,500 requires a cash match of \$147,100

The VT Bike and Pedestrian Program requires a:

Current Letter of Support from the City Council, and a written acknowledgement that the local match (20%) is committed and the source of the match identified. The Letter needs to include a commitment to future maintenance and responsibility for construction projects.

Re: Letter of Support - Vt. Bike and Pedestrian Program Grant Application from City of Newport

Dear Mr. Kaplan

On behalf of the City of Newport's City Council, please consider this letter of support of our application to the Bicycle and Pedestrian Program Grant. This application, if awarded, will improve access and safety for people walking and bicycling through the planning, design and construction of a major intersection and roadway. This project relates to community and economic development, specifically around infrastructure development, business attraction and retention, and recreational development; all with the goal of creating a vibrant downtown community.

We understand and acknowledge that this grant, if awarded, requires the City to commit a cash match of 20%. We plan to do this through our capital expense budget.

We also understand the future maintenance and management of the resulting improvement is the responsibility of the City to ensure. These areas will be funded through our regular operating budget.

Economically, the City of Newport is challenged with household incomes well below State averages. Yet many opportunities exist to strengthen our community, from our proximity to the Canadian border, to the vibrant local foods economy, to the downtown's Lake Memphremagog access. This grant, if awarded, will enhance a major intersection where all of these assets come together, and alleviate the major expense to our tax payers.

We are grateful for the opportunity to apply.

Sincerely

Paul L. Monette, Mayor
City of Newport

It's Time to Make Vermont Dementia Friendly

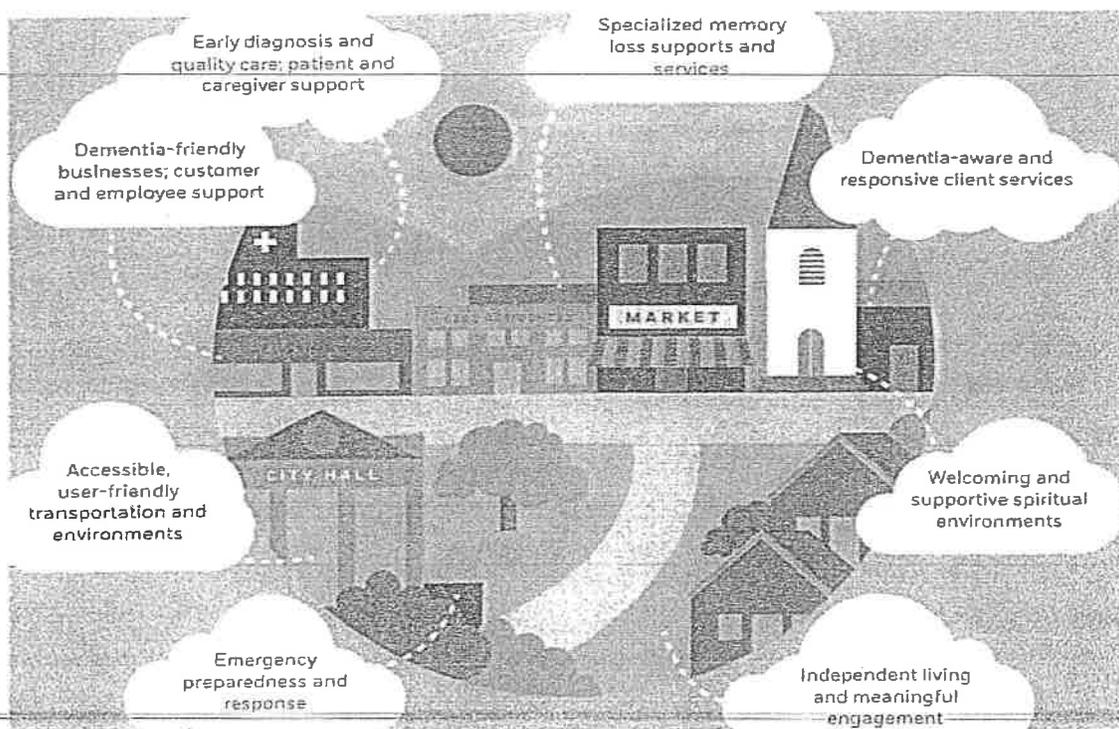

We need a Vermont where all people can live, age and thrive.

The Governor's Commission on Alzheimer's Disease and Related Disorders (ADRD) is leading statewide efforts to make Vermont dementia-friendly.

Did you know?

- Over 13,000 Vermonters age 65 and older are living with Alzheimer's Disease in 2019.
- By 2025 this number is estimated to increase by 31% to 17,000.
- 60% of Vermonters with dementia live in their own community homes. The majority want to remain there as long as they can.

What is a Dementia Friendly Community? Dementia friendly communities foster the ability of people living with dementia to remain in community and engage and thrive in day to day living. A Dementia Friendly Community is informed, safe and respectful of individuals with dementia and their families, provides supportive options across all community sectors, and fosters a quality of life. **Dementia Friendly America** is a national network that supports the development and recognition of these communities across the country.

The current model of events approvals and policies are no longer sustainable. We've tried in earnest for over a year to have an events approval process that was fair, reasonable, and easy to use. The policy recognizes the value and vitality that events brings to the City. I don't want to lose sight of the benefits of events, but I do want to reframe our process to reflect what other municipalities successfully do through a permit process.

Since April of 2018, the majority of users have experienced a robust, successful, and safe event as a result of our policy. A few users have expressed complaints that the policy is tedious.

At our current pattern of approving all of the events that come before us, it is not sustainable financially and we are setting ourselves up to 'judge' events. As soon as we say no, we are likely to be challenged. We cannot let this take over our good will. We raise controversy every time we judge an event and I would remind us here tonight that we represent 3635 voters and mail out 2004 tax bills. We must treat everyone fairly and equally. We need a clear process so the event organizer knows what is expected.

We must wean event organizers away from the expectation that taxpayers will subsidize or fund events. The amount to be raised by the taxpayers for events, recreational opportunities, facilities maintenance, and programming is already \$579,000 through the Recreation Dept 's carefully planned budget .

As mayor and as per the charter, I have a responsibility to use my best efforts to see that the finances of the city are properly expended. We must work towards moving to a permit process with the council. I am asking that 2 council members step forward to work with the city manager and Parks and Rec director to come up with a permit process similar to Montplier's Event and Street closure permit. My goal is to see a proposal by mid-July. The beginning of the fiscal year is the perfect time to transition and begin a fresh start. A permit process will provide clarity, be simpler, and will ensure that accountability, a community safety and security plan, and a clean up plan are all in place for each event.
