Public Present: Paul Monette,

Zoning Administrator: Charles Elliott

7:00PM (JM call to order). Followed by roll call.

(7:01 pm) Approval of minutes: Motioned by Dan, 2nd by Chris, unanimous. Dennis – abstain from voting due to not attending previous meeting.

(7:02 PM)

City Plan Development:

JM states progress has been made and there has been a site created for the plan but there are some difficulties for a specific browser.

Updating has to be done to the plan and divided between the members to get the information and implement it. Mention that there are some areas in the plan that do not have to be touched but other areas that certainly need attention.

John discussed the online community meeting and the population that attended. The information that came across was very supportive.

John discussed having in person meeting or conference calls. Chris mentioned sooner the better rather than to wait, it is unpredictable to rely on in person meetings with the public. John followed up mentioning an online meeting with the consultant running the meeting with the public and allow the public to type questions.

John would like to schedule next meeting mid to late August with the public, but it will depend on July 15th and the governor's decision. The guidelines would still need to be followed.

John said that August 15th would be the extension date if done by the governor the committee would need to pay attention on how we need proceed with everything. The next planning committee meeting will be scheduled for August 10th.

Everybody is to decide on the category they are willing to take on and update, reach out to John to let him know.

(7:32 PM)

Old Business:

Dennis discussed updates on the old Sacred Heart Building, the price drop and was offered a walk through if we would be interested to do one after the 13th of the month. The vacant lot located near Denis's business location belongs to Doug Spates and remains in his possession at the moment, making note the property is an industrial classification.
