Newport City Council Meeting Participation Guidelines

Newport City Council meetings are for the purpose of allowing Council members to conduct City business. Distinct from public hearings or town meetings, City Council meetings are held in public, but are not meetings of the public. City Council meetings are the only time the City Council members have to discuss, deliberate and decide upon City matters. In an effort to conduct orderly and efficient meetings, the Mayor kindly requests your cooperation and compliance with the following guidelines:

- 1. Please be respectful of each other, Council members, city staff, and the public.
- 2. Please raise your hand to be recognized by the Mayor. Once recognized, please state your name and address or affiliation.
- 3. Please address only the Mayor and not members of the public, staff, or presenters.
- 4. Please abide by any time limits. Time limits will be used to ensure everyone is heard and that there is sufficient time for the Council to complete their agenda within a reasonable timeframe.
- 5. The Mayor will make a reasonable effort to allow everyone to speak once before speakers address the Council a second time per the limited 2 minute timeline adopted on January 23, 2017.
- 6. Once public comment has been heard, discussion will be limited to the City Council members.
- 7. Please do not interrupt or mock other speakers or otherwise exhibit disruptive behavior during the City Council meeting.
- 8. Please do not repeat the points made by others, except to indicate agreement or disagreement with other views.
- 9. Please use the hallway for side conversations. It is difficult to hear speaker remarks when side conversations are occurring in the Council Chamber.
- 10. Presentations to the Council are not open to public comment. However, per the policy adopted on December 21, 2015, matters on the agenda requiring a vote are open to public comment immediately prior to the Council vote.
- 11. Individuals who do not abide by these procedures will be asked to leave the Council Chamber.

Subject: Request for approval to provide legal services

Dear Mayor Sullivan,

I write to request that our law firm, Sheehey Furlong & Behm, P.C. be considered for approval to provide legal services to the City of Newport, Vermont.

Sheehey is a Burlington based full-service law firm comprised of 20 attorneys and 3 paralegals. We generally divide our legal services into three practice areas – litigation, transactional/corporate, and regulatory, with roughly 6 to 8 attorneys capable of practicing in each area, and several attorneys cross-designated to practice in more than one.

From 2017 through the end of 2022 I served as Director of Litigation, then served as the firm's Managing Partner in 2023.

With respect to the numerous and varied legal needs of a municipality such as Newport, our team has broad experience in a variety of legal disciplines that may be relevant, including but not limited to:

- Litigation in state and federal court, including extensive jury trial experience;
- · Contract negotiation and review;
- Evaluation and composition of corporate/municipal policies and charter questions;
- Addressing employment law questions/employee grievances;
- Handling Public Records Act requests;
- · Attendance of and participation in city council meetings and related committee meetings;
- Researching council agenda items and drafting resolutions/motions;
- Negotiating and processing real estate transactions, real estate development, and environmental/regulatory proceedings relating thereto.

We perform all of the above tasks for a variety of individual, corporate and governmental (including municipal) clients, and it would be our pleasure to work for the City of Newport as well.

As we have previously discussed, we propose performing the foregoing legal services at the rate of \$250/hr for attorneys, and a rate substantially below that, but to be determined at a later point, for paralegals to perform law related tasks that do not require attorney level expertise. We would be happy to fix that paralegal rate in advance of any work for the City.

Please let me know if you would like any additional information, or would like more detail on our experience in any of the above categories.

Thank you for your consideration.

lan P. Carleton

Subject: More information on SFB municipal and charter work

Mayor Sullivan,

This email responds to your request for additional information on our firm's municipal representation and charter interpretation experience.

Specific to your request – charter review and compliance is a routine part of our work as Town Counsel for Windsor and Weathersfield. For instance, we review and interpret town charters when issuing legal opinions for loans to the municipalities, or when questions arise about board membership, voting, notice requirements, etc. for those municipalities. As for other municipalities, we have been engaged to handle tax appeals for the City of Springfield, and to perform internal investigations for the City of Burlington. We also represent the Hartland Planning Commission in certain matters.

More broadly – while not directly responsive to your request, the direct experience in municipal government of several of the attorneys who would be working on Newport matters relevant as well. I spent five years serving on the Burlington City Council, two of them as Council President, and presided over numerous charter change initiatives. During that time I chaired Burlington City Council's Ordinance Committee (I don't remember for how many years). Prior to my election as City Councilor I served on the Burlington Planning Commission. My partner Kevin Lumpkin is former Chair of the Winooski Development Review Board, and my partner Peter Raymond is currently Chair of the Middlesex Development Review Board.

I hope that is helpful. Please let me know if you have any other questions.

Memo

To: The Newport City Council

From: Frank Cheney, Zoning Administrator

Date: April 15, 2024 **RE:** Appointments

The Newport City Developmental Review Board and Newport Zoning Administrator would like to thank the Newport City Council for the opportunity to interview three prospective candidates for possible appointment to the board. The members of the DRB found all interested parties to be well qualified and is pleased to recommend Jay Walsh, Laurie Grimm and Andrew Touchette for potential appointment to two-year terms that would end in 2026.

The Developmental Review Board would advise that an odd numbered board is most appropriate and is requesting that at this time the DRB be increased to seven full time members.

Records Retention Policy City of Newport

I. PURPOSE

All Vermont public agencies are responsible for creating, managing and disposing of records in accordance with State and Federal laws and regulations. This policy is to ensure that all City of Newport officials and employees conform with and are aware of those mandates.

II. SCOPE

This Policy covers all "public records" of the City of Newport as defined by 1 V.S.A. § 317 as: "any written or recorded information, regardless of physical form or characteristics, which is produced or acquired in the course of public agency business."

III. POLICY STATEMENT

It is the policy of the City of Newport to comply with 1 V.S.A. Chapter 5, Subchapter 3 (referred to as the "Vermont Public Records Act"). All written or recorded information, regardless of physical form or characteristics, which is produced or acquired in the normal course of City of Newport business, shall be managed in accordance with the Record Retention Schedule below.

IV. UNIFORM LAWS, STANDARDS, AND PROCEDURES

- a. 1 V.S.A. §§ 315–320: Access to Public Records, including 1 V.S.A. § 317A: Disposition of Public Records.
- b. 3 V.S.A. § 117: Vermont State Archives and Records Administration
- c. 3 V.S.A. § 218: Agency/Department Records Management Program
- d. Archives and Records Management Standards and Best Practices https://sos.vermont.gov/vsara/manage/information-governance/standards/

V. GENERAL AND SPECIFIC RECORD SCHEDULES AND DISPOSITION ORDERS

Vermont State Archives & Records Administration's (hereafter referred to as VSARA) General Record Schedules (GRS) and Specific Record Schedules for Municipalities (SRS) shall govern the management of records, specifically access, retention, and disposition. In limited circumstances Disposition Orders (DO) may continue to be used until superseded by GRS.

In a few instances VSARA has yet to issue a GRS or SRS to define the retention period. These documents will be retained until a ruling has been made.

VI. RECORDS MANAGEMENT GUIDELINE

On an annual basis beginning in May 2024 and every March thereafter, the City of Newport will perform a review of its records, organized and led by the City Manager, and dispose of any records that have been completed, closed, expired, become obsolete or superseded as specified in the Record Retention Schedule (below) provided that:

- 1. The record has been authorized for destruction through a GRS, SRS or DO; and
- 2. The minimum retention requirement for the record, as stated in the applicable GRS, SRS or DO, has been fully met.
- 3. Any additional retention requirement adopted by the City of Newport and included in this policy has been fully met.

Records not yet covered by a GRS, SRS or DO will not be destroyed, and will be retained by the City of Newport.

VSARA had defined the term "permanent retention" as meaning until the State of Vermont no longer exists.

The term "audit" is defined as an examination by a public accounting firm.

Documents may be scanned for ease of access, but this is not considered permanent retention unless provision is made by the City of Newport to transfer files to future file formats.

Beginning in May 2024, City Officials and City personnel shall manage their email by placing obsolete, or superseded emails in a separate file (not the email "trash" file) to preserve them until the next review and disposal pursuant to this policy.

To bring the City of Newport into compliance with this policy, an internal review and subsequent destruction of records as authorized by this policy will take place beginning in May 2024.

The City of Newport City Cou	ncil reviewed ar	nd approved	this procedure at
their most recent meeting on	•

TOWN ROAD AND BRIDGE STANDARDS

MUNICIPALITY OF Newport Cff, VERMONT

The Legislative Body of the Municipality of <u>NewPort City</u> hereby adopts the following Town Road and Bridge Standards which shall apply to the construction, repair, and maintenance of town roads and bridges.

The standards below are considered minimums. Municipalities that have construction standards / specifications in place that meet or exceed the minimum standards: indicate adoption date and include as Appendix C. Date of Adoption: 4/1/2005

Municipalities must comply with all applicable state and federal approvals, permits and duly adopted standards when undertaking road and bridge activities and projects.

Any new road regulated by and/or to be conveyed to the municipality shall be constructed according to the minimum of these standards.

Road segments – ANR Resources Atlas includes a map layer of all of Vermont's municipal roads divided into 100-meter (328 foot) segments, each with a unique identification number.

Municipalities may also find additional resources in the latest version of the Vermont Better Roads Manual. https://vtrans.vermont.gov/sites/aot/files/highway/documents/ltf/Better%20Roads%20Manual%20Final%202019.pdf

Road and Bridge Standards Sections

Section 1 - Municipal Road Standards - See Appendix A

These standards are required by Act 64 and the DEC Municipal Roads General Permit (MRGP) for hydrologically-connected roads only.

Municipalities may adopt Section 1 Road standards by road type for non-hydrologically-connected roads/segments/catch basins.

Section 2 - Class 4 Road Standards - See Appendix A

^{*}Hydrologically-connected road segments - are those municipal road segments and catch basin outlets, Class 1-4, as shown on the ANR Natural Resources Hydrologically-connected municipal road segment layer (http://anrmaps.vermont.gov/websites/anra5/) or the Road Erosion Inventory Scoring (MRGP Implementation Table portal) layer (https://anrweb.vt.gov/DEC/IWIS/MRGPReportViewer.aspx?ViewParms=True&Report=Portal).

^{**}Adoption of standards on non-hydrologically-connected road segments does not indicate that these road segments are then subject to the Municipal Roads General Permit (MRGP).

Section 3 - Perennial stream - bridge and culvert standards

Bridge and culvert work on perennial stream crossings must conform with the statewide DEC Stream Alteration Standard.

"Perennial stream" means a watercourse or portion, segment, or reach of a watercourse, generally exceeding 0.25 square miles in watershed size, in which surface flows are not frequently or consistently interrupted during normal seasonal low flow periods. Perennial streams that begin flowing subsurface during low flow periods, due to natural geologic conditions, remain defined as perennial. All other streams, or stream segments of significant length, shall be termed intermittent. A perennial stream shall not include the standing waters in wetlands, lakes, and ponds.

Streambank stabilization and other in-stream work must conform with the statewide DEC Stream Alteration Standard.

For River Management Engineer Districts: https://dec.vermont.gov/sites/dec/files/wsm/rivers/docs/RME_districts.pdf

<u>Section 4</u> – Intermittent stream crossings – See Appendix B for sizing table and graphic. These standards are above and beyond the culvert standards in Section 1.

"Intermittent streams" are defined as streams with beds of bare earthen material that run during seasonal high flows but are disconnected from the annual mean groundwater level.

Section 5 - Roadway construction standards - Sub-base and gravel standards

All new or substantially reconstructed gravel roads shall have \(\begin{align*} \lambda \) inches* thick gravel sub-base, with an additional \(\begin{align*} \lambda \) inches* top course of crushed gravel.

All new or substantially reconstructed paved roads shall have 12 inches* thick gravel sub-base.

*Municipalities shall indicate their own construction criteria.

Section 6 - Guardrail standard

When a roadway, culvert, bridge, or retaining wall construction or reconstruction project results in hazards such as foreslopes, drop offs, or fixed obstacles within the designated clear-zone, the AASHTO Roadside Design Guide will govern the analysis of the hazard and the subsequent treatment of that hazard. For roadway situations, an approved barrier system may be steel beam guardrail with 6-foot posts and approved guardrail end treatment. If there is less than 3 feet from the rail to the hazard, then steel beam guardrail with 8-foot posts shall be used. The G-1D is an example of an approved guardrail end treatment. For bridge rails systems, VTrans bridge rail standards shall be referenced

Section 7 - Driveway access standard

The municipality has a process in place, formal or informal, to review all new drive accesses and development roads where they intersect town roads, as authorized under 19 V.S.A. Section 1111. Municipality may reference Vtrans Standard <u>A-76 Standards for Town & Development Roads</u> and <u>B-71 Standards for Residential and Commercial Drives</u>; the Vtrans <u>Access Management Program Guidelines</u>; and the latest version of the <u>Vermont Better Roads Manual</u> for other design standards and specifications.
